Fleet orchestration software for warehouse robotics

CONFIDENTIAL | Prepared by Ridgeline Growth Partners | April 2026

Highlights

Sector	B2B SaaS — robotics fleet orchestration
Headquarters	San Jose, CA, USA
ARR	\$42.0M
YoY ARR growth	55%
Net revenue retention	115%

Investment Highlights

Solari Robotics Software

Fleet orchestration software for warehouse robotics

CONFIDENTIAL | Prepared by Ridgeline Growth Partners | April 2026

Market Opportunity

Warehouse automation spend is projected to grow at 24% CAGR through 2030 as e-commerce fulfillment operators seek to offset rising labor costs.

Solari's software layer sits above the hardware, orchestrating mixed fleets from multiple robotics vendors on a single control plane.
